

Dear Sisters

I greet you in the name of the Father, the Son and the Holy Spirit.

I wish to express my sincere gratitude to you for what you have done for me recently. Not long ago, you selected me as one of the girls who attended the World Youth Day in Poland. As a family this was an impossible trip to Europe because we could not afford to finance such a trip.

Academically you have helped in shaping my future when I entered Grade Ten (10) in 2015. The trip to Europe was another great effort you made in shaping up my future.

I am grateful to you all for everything you have done for me not only for me but for my family. If I had anything to give you I would have given anything but I will only ask God to give you the blessings and desires of your heart so that you can achieve whatever you want to achieve in life.

May the Almighty God who created you, the Son who died for you and redeemed you, the Holy Spirit who lives in you and guides you, protect and guide you always.

Wishing you God's blessings

Yours faithfully

Bridget.
